July 18-24, 2027
Hickory Environmental Education Center,
Garrett County, MD

ALLEGANY COLLEGE
of MARYLAND

Engage in natural resource-related activities encompassing a wide range of careers and fields of study:

- Arboriculture: tree climbing and tree pruning.
- Fisheries: fish shocking and macroinvertebrate sampling.
- Forestry: tree identification and soil sampling.
- Land management: develop and present a forest management plan.
- Wildland Fire Suppression: truck, equipment, and safety demonstrations by certified wildland firefighters.
- Wildlife Biology: guest speakers from the Maryland Department of Natural Resources, area colleges, and organizations.
- Wood Products: tour of a working sawmill and chainsaw demonstration.
- Career and College Nights: discussions with field professionals (DNR, Natural Resources Police, consultants, procurers, biologists, etc.) and representatives from top regional college natural resource programs.

**In most cases, scholarships cover large portion of cost!
College credit is available.**

**Learn about natural resources. Explore the outdoors.
Make lifelong friends from across the Mid-Atlantic.**
